The Markets

Like a cool breeze on a hot day, the post-Brexit market rally has soothed investors.

The CBOE Volatility Index (VIX), also known as the fear gauge, fell significantly during the past few weeks, according to CNBC.com. The VIX measures investors' concerns about future volatility. The lower the Index is; the calmer investors are about the future. In late June, the VIX rose as high as 25.76. Last week, it hovered around 12.

4 Steps To Give Yourself a Midyear Financial Checkup

We are officially midway through the year, so this is an ideal time to give yourself a money checkup and make some necessary financial changes.

Since the first half of 2016 brought a rocky financial start with increased market volatility and the market tumult from Brexit, there's plenty to think about as you prepare your finances for the second half. Use this halfway point to re-focus on the financial goals you set for yourself six months ago. If you happened to veer off course, don't worry - there is still time to get back on track for your 2016 goals and, more importantly, your longer-term retirement plans.
